Subject: Keep solar fair in Utah
To: rallen@utah.gov

Dear Chairman Allen,

I have been working in the Solar Industry for the past year now. Unfortunately I have had to commute to San Francisco every week to do so. We need to make Utah a more solar friendly state and what Rocky Mountain is trying to do will kill it.

Rocky Mountain Power is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.

Please keep solar fair in Utah.

Sincerely,

Mike Heinz
